Why Does this Site Require Cookies?
This site uses cookies to improve performance by remembering that you are logged in when you go from page to page. To provide access without cookies would require the site to create a new session for every page you visit, which slows the system down to an unacceptable level.

What Gets Stored in a Cookie?
This site stores nothing other than an automatically generated session ID in the cookie; no other information is captured.

In general, only the information that you provide, or the choices you make while visiting a web site, can be stored in a cookie. For example, the site cannot determine your email name unless you choose to type it. Allowing a website to create a cookie does not give that or any other site access to the rest of your computer, and only the site that created the cookie can read it.

The Inuit are a group of culturally similar indigenous peoples inhabiting the Arctic regions of Greenland, Canada, and Alaska. The Inuit languages are part of the Eskimo-Aleut family. Inuit Sign Language is a critically endangered language isolate used in Nunavut. In the United States and Canada, the term "Eskimo" was commonly used by ethnic Europeans to describe the Inuit and Siberia's and Alaska's Yupik and Iñupiat peoples. However, "Inuit" is not accepted as a term for the Yupik, and "Eskimo" is
